The Journey Within, Inc. was founded in 2017 to help ease the way for young families, widows and widowers suffering tragic loss. Our nonprofit foundation was created to honor the life of Travis Walker, a young father and husband, who unexpectedly passed away in 2015. In the months after Travis passed, our community came together on multiple occasions to raise money for his family. It was during these events that Travis's wife decided it was her mission to give back to families that unfortunately find themselves in similar situations.
